## Price Changes Effective on Roses July 1, 1951

The prices printed in this catalog were set some months ago, and we had hoped to hold them in effect throughout the coming planting season. However, the costs of growing and handling our Roses have increased so tremendously that it is necessary to increase some of our prices approximately 25%. Beginning July 1st, 1951, the prices on all Roses listed in this catalog will be changed as shown on this order blank.
